

Division of Organic Chemistry Membership Benefits

Awards and fellowships like TAOC!

- ✦ Technical Achievement Awards (TAOC)
- ✦ Summer Undergraduate Research Fellowship (SURF)
- ✦ Roger Adams, Arthur C. Cope, Gassman, and Leete Awards
- ✦ JOC, OL and OPRD Publication of the Year Awards
- ✦ Organometallics Distinguished Author Award
- ✦ Organic Division Undergraduate Awards
- ✦ ACS Future Pharma Innovators

American Chemical Society

Division of Organic Chemistry

Improving the world one molecule at a time

Hey! Are you already a member of the DOC?
Don't forget to sign up!!

Hi! Thanks for the reminder.

So, what do I get by joining the DOC?

Delivered

Funding for travel to ACS National meetings

- ✦ Graduate Student Travel Awards
- ✦ Undergraduate Student Travel Awards
- ✦ PUI Faculty Travel Awards

Support for programing at national and regional ACS meetings and specialty meetings like NOS and GRS

- ✦ Graduate Research Symposium (GRS)
- ✦ National Organic Chemistry Symposium (NOS)
- ✦ Sponsored Symposia at National & Regional ACS Meetings
- ✦ Young Investigator Symposium (Academic & Industrial)
- ✦ DOC Virtual Symposia, Co-sponsored by the CCHF

"I wanted to thank you for the opportunity to attend the GRS conference without having to stress over my personal finances. The GRS was an indispensable experience for my young career and has opened up many opportunities and ideas for me thus far."

2024 GRS Group Photo University of Virginia, Charlottesville, VA

"I didn't really buy into the hype beforehand that the GRS is "one of the best conferences you can ever attend" but it genuinely lived up to that reputation. Being able to connect with professionals from all walks of life (academia, industry, start-ups, policy) was immensely helpful for shaping my career goals and interests. I was anticipating seeing some science blow me away, but I wasn't anticipating really questioning what my future could be and being able to talk to people to answer some of the questions."

Access to videos and literature on the DOC website

- ✦ Organic Syntheses & Organic Reactions
- ✦ Links to organic chemistry resources
- ✦ DOC Virtual Symposia Archives
- ✦ Videos of eminent organic chemists
- ✦ Data: <https://organicchemistrydata.org>

Regular membership = cost of 🍷 (\$20)
Student membership = cost of ☕☕ (\$5)

Join or renew your membership today!
